

NEW PRODUCT RELEASE

Stealth Rock Sliders - Toyota Landcruiser 79 Series

These innovative, **Heavy Duty Stealth Rock Sliders** from *Superior Engineering* are custom designed for the Toyota Landcruiser 79 series dual cab four wheel drive vehicle.

Designed to “protect and save” your panels from damage while driving offroad! Made from **4mm thick steel**, includes multiple mounting points, high strength design, CNC folded for a precise fit, sand blasted and powder coated in a satin black finish for good looks and protection. Superior Stealth sliders will out-perform any slider on the market.

A full fitting kit is provided, which includes all the necessary hardware for a **quick, easy, no fuss installation**. These Stealth Rock Sliders are *exclusive* to Superior Engineering and are a must for your ultimate 4WD tourer! Note: Street Legal & Compliant.
