Sway Bar Extensions - Toyota Landcruiser 200 Series Non KDSS [Rear]

These *NEW* Superior Engineering **Sway Bar Extensions** have been manufactured to suit the rear of the 200 Series Toyota Landcruiser (Non KDSS) with a 2 inch lift. These have been *designed to eliminate* the need to remove the sway bars when performing a lift, ultimately *improving the vehicles performance* and handling by having sway bars fitted.

Manufactured from **quality steel**, CNC Laser Cut and Pressed from 4mm steel plate for precise fitment, finished in a hard wearing '7-step SA5' Zinc anti-corrosion finish for *maximum durability* and made right here in **Australia** at our Burpengary warehouse.

They are **sold as a pair** and come 'Ready to Fit' straight out of the box making for an easy, straight forward, **100% bolt-in** installation, requiring no cutting, drilling or modifications.

Features & Highlights:

- Designed To Suit 2" Inch Lift Kits
- Premium Anti-Corrosion Finish
- Bolt-In, No Cutting or Welding
- Made Right Here In Australia
- CNC Laser Cut For A Precise Fit
- 100% Street Legal & Compliant
- Exclusive To Superior Engineering
